INTERNATIONAL

60 years and counting...

**BRITISH MANUFACTURING
EXCELLENCE SINCE 1962**

SINCE 1962 THE WESSEX NAME HAS BEEN SYNONYMOUS WITH SUPERB QUALITY, British built machines for the agricultural and groundcare markets. Our equipment is built for demanding applications, where reliability and durability are paramount.

WESSEX INTERNATIONAL'S global distribution network has distributors and dealerships in many countries. Whatever Wessex product you invest in, you can be sure of support from your local dealer right through the machines lifetime, backed by Wessex International's commitment to excellent customer service.

Our friendly and knowledgeable staff are here to advise you on the best equipment for your application. We are convinced you will find our machinery beneficial to your organisation both in terms of user satisfaction and economic ownership.

W SPARE PARTS

Only genuine Wessex spare parts should be used to maintain optimum performance from your Wessex machine. To minimise costly machine downtime, parts orders are dispatched daily to our professional dealer network by next-day carrier service (UK mainland), and 2 day for UK Highlands & Islands. If ordered before 1:00 pm, parts will be dispatched the same day (subject to availability).

**OUR ONLINE PARTS STORE IS OPEN
24 HOURS A DAY, 365 DAYS A YEAR.**

Order your parts from your mobile or computer and we'll take care of the rest.

When only the best will do...

1962
In the heart of rural Hampshire, **WESSEX** began manufacturing grass cutting and forage equipment.

1970s
WESSEX were the first to manufacture a range of scaled down implements to suit the new compact tractor from Japan.

1980s
WESSEX increased their focus on equipment to meet the needs of landscapers and grounds maintenance contractors.

1990s
As ATVs started to grow in popularity, **WESSEX** produced a line-up of attachments to suit.

2003
Broadwood International was established as the distributor of quality equipment including the well-known **SNOWEX** salt spreaders & **SWEEPEX** push brooms.

2008
Broadwood International acquired **WESSEX** Machinery – now a leading manufacturer of professional grounds maintenance machinery.

2012
WESSEX celebrates **50 YEARS** of manufacturing and innovation

2014
In line with the increased focus on global distribution of the **WESSEX** product range, the company has been renamed **WESSEX INTERNATIONAL**. This coincides with relocation to the current 50,000sqft factory in Andover, Hampshire.

2020
The introduction of **WESSEX POLARONE™** Salt and Grit Spreaders.

2021
Building on 30 years of innovation, **WESSEX** have refined, and enhanced the **AF** Flail Mower series to launch **GENERATION 2 AF** Flail Mowers.

2022
WESSEX celebrates **60 YEARS** of manufacturing and innovation

2023
We have re-engineered the Wessex **AR FINISHING MOWER** to create the most versatile finishing mower on the market.

✓ **3 OVERLAPPING ROTORS**

The Wessex **CMT SERIES FINISHING MOWERS** are an entry level range with superb build quality and great value for money. Available in 3 working widths, they are ideal for private estates and gardens.

3 overlapping rotors prevent unsightly uncut strips and the wheels are easily adjusted to the perfect cutting height. A perfect addition to any compact tractor.

SPECIFICATIONS

	CMT-150	CMT-180	CMT-210
Working width	1.5m	1.8m	2.10m
Overall width	1.63m	1.92m	2.25m
Cutting height range	19-110mm	19-110mm	19-110mm
Weight	226kg	251kg	300kg
Minimum power required	20hp	25hp	30hp
3-Point hitch type	Category 1	Category 1	Category 1
PTO Input speed	540	540	540
Number of blades	3	3	3

KEY FEATURES & BENEFITS

- ✓ **3 OVERLAPPING ROTORS** – No uncut strips of grass
- ✓ **ADJUSTABLE LOWER LINK POINTS** – Will suit any compact tractor
- ✓ **SIMPLE BELT ADJUSTMENT** – Ease of maintenance
- ✓ **FLOATING TOP LINK POINT** – Accurate ground contour following
- ✓ **SIMPLE CUTTING HEIGHT ADJUSTMENT** – Ease of operation
- ✓ **ANTI-SCALP ROLLER** – to reduce scalping on undulating ground
- ✓ **STRONG BUILD QUALITY** – increasing product lifetime

SCRUBMASTER ROTARY **SLASHER**

WESSEX ARE STILL SUPPLYING PARTS FOR SCRUBMASTERS SOLD IN THE 1960s!

In short, the Wessex **SCRUBMASTER ROTARY SLASHER** is unstoppable! Built to cope with the most arduous applications, this robust machine is ideal for controlling areas of dense vegetation and heavy scrubland ie, forestry plantations, firebreaks, rides, and gorse moorlands etc.

The massive blades will deliver over 3,000 1 ton impact cuts per minute making light work of brambles, gorse, heather and trees / saplings up to 100mm diameter. The chain cutters are recommended in areas where there are likely to be hidden rocks, boulders and tree stumps etc. The chains will thoroughly lacerate cut material, accelerating the breakdown and rotting process.

SPECIFICATIONS

	SM-66
Working width	1.7m
Overall width	1.8m
Blade tip speed	70.7 m/s
Weight (blades & chains)	516kg blades / 468kg chains
Minimum power required	45hp

KEY FEATURES & BENEFITS

- ✓ **HEAVY-DUTY CONSTRUCTION** – Durability
- ✓ **MASSIVE GEARBOX** – Maximum drive transmission
- ✓ **FRICTION PLATE CLUTCH** – Overload protection
- ✓ **BLADE OR CHAIN CUTTERS ARE INTER-CHANGEABLE** – Varying applications
- ✓ **REPLACEABLE SKID SHOES** – Ease of maintenance
- ✓ **FLOATING HEADSTOCK** – Follows ground contours in rough areas
- ✓ **ADJUSTABLE SIDE SKIDS** – Simple height adjustment

When only the best will do...

For control of dense vegetation, long grass and woodland rides, the Wessex **WFM FLAIL MOWERS** are a real tough performer and are perfectly suited to the job. Hammer flails pulverise tough material while a full width adjustable rear roller maintains an even cutting height.

These machines can be used in-line or offset, and are available to suit compact tractors from 18hp. The Wessex **WFM** flail mower is the machine of choice for the discerning smallholder!

✓ **LARGE DIAMETER ROTOR WITH CAST HAMMER BLADES**

✓ **POWERFUL 4 BELT DRIVE**
(*3 ON WFM-125)

✓ **IMAGE SHOWN WFM-125**

KEY FEATURES & BENEFITS

- ✓ **FOR TRACTORS FROM 18HP TO 60HP**
- ✓ **MANUAL SIDES SHIFT** (WFM-125),
HYDRAULIC SIDE SHIFT (WFM-145, WFM-175 & WFM-220)
- ✓ **CENTRAL GEARBOX EQUIPPED WITH FREE WHEEL CLUTCH**
- ✓ **FULL WIDTH ADJUSTABLE REAR ROLLER**
- ✓ **COUNTER KNIFE MULCHING BAR**
- ✓ **CE SAFETY CERTIFIED**
- ✓ **ADJUSTABLE SIDE SKIDS**
- ✓ **CAT 1, 3-PT HITCH**
- ✓ **SUPPLIED WITH HAMMER FLAILS**

WFX/WFR SERIES FLAIL MOWERS

Engineered for unparalleled strength and durability, making the management of dense vegetation effortlessly efficient. Offered in 2.5m and 2.8m widths, these mowers feature hydraulic side shift for enhanced manoeuvrability.

The **WFX** and **WFR** flail mowers boast a versatile rear door with four adjustable positions, catering to various applications. The fully closed position will enhance mulching, while the open positions mean you can process large volumes of material easily. With the Wessex flail mower range, controlling dense vegetation has never been simpler.

VERSATILE MOWERS FOR HEAVY-DUTY AND EXTREME DUTY MOWING

KEY FEATURES & BENEFITS

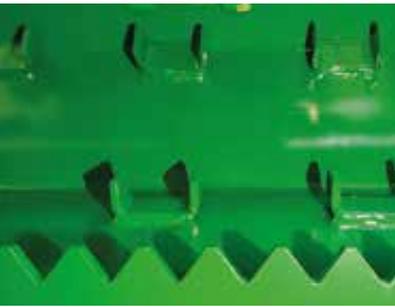

- ✓ **THREE-POINT HITCH CAT. 2** – with hydraulic side shift on chrome-plated slides
- ✓ **DOUBLE SKIN DECK** – gives the machine additional strength and durability
- ✓ **POWDER COATED** – for long life
- ✓ **CHECK & ADJUST THE BELTS REMOTELY** – No need to remove guards
- ✓ **HEAVY DUTY GEARBOX** – designed for long operating hours, equipped with free wheel clutch
- ✓ **ADJUSTABLE REAR ROLLER** – for varying applications
- ✓ **COUNTER-KNIFE AND SHREDDING FINS** – to finely mulch material accelerating the decomposition process of the vegetation.
- ✓ **ADJUSTABLE & REPLACEABLE SIDE SKIDS** – protect the machine minimising the possibility of scalping
- ✓ **CAST HAMMER FLAILS** – for massive impact and superior cut quality.

KEY FEATURES & BENEFITS (WFR ONLY)

- ✓ **SUITABLE FOR MULCHING GRASSLAND** – set-aside, heavy undergrowth, and material up to 10cm diameter
- ✓ **40% HEAVIER THAN THE WFX** – extremely durable and robust
- ✓ **HIGHER HP RATING** – suitable for tractors up to 200hp
- ✓ **LARGER ROTOR DIAMETER** – the machine will power through dense conditions, whilst maintaining optimum blade tip-speed. The flywheel effect.
- ✓ **LARGER ROLLER DIAMETER** – extremely strong and easily rides on uneven ground.
- ✓ **5 BELT DRIVE** – for extremely strong power transfer in demanding applications

4 POSITION SETTINGS FOR THE REAR DOOR

Mode 1

FULLY CLOSED –
For extra mulching.

Mode 2

STANDARD OPERATING –
To eject material behind the
rear roller.

Mode 3

WIDE OPERATING –
A wider exit for processing
large volume of material.

Mode 4

INSPECTION & SERVICE –
Fully open for ease of servicing
and maintenance.

Reduced budgets and less frequent mowing cycles mean that the local authorities require a machine that will cut and mulch lush grass without untidy swathing, as with a rotary mower. The Wessex **FRX-150** out-front flail mowers will do just that!

KEY FEATURES & BENEFITS

- 1 AERODYNAMIC FLAILS** – Minimum power consumption.
- 2 FULL WIDTH ANTI-SCALP ROLLER** – No unsightly scalping.
- 3 INTEGRAL ROLLER BEARINGS** – Protected for long service life.
- 4 SIMPLE AND POSITIVE HEIGHT ADJUSTMENT** – Ease of operation.
- 5 PUNCTURE PROOF TYRES** – Low maintenance.
- 6 TWIN DRIVE BELT TRANSMISSION** – Handles dense vegetation.
- 7 FULLY GUARDED TO HSE SPECIFICATIONS** – Meets local authority requirements.
- 8 CONTIFLOW DECK DESIGN** – Low profile deck design follows the path of the flails at a constant distance increasing the suction effect and improving mulching efficiency.
- 9 FLOATING LINKAGE** – Excellent ground contour following and a generous lift height which is ideal for curb clearance and trailer ramps etc.
- 10 WIDE OUTLET** – Maximum performance in long grass.
- 11 HARDENED STEEL STONE GUARDS** – Safety in public areas.
- 12 RIGHT ANGLE DRIVE GEARBOX OR HYDRAULIC MOTOR** – Smooth and quiet operation.
- 13 ROTOR BEARING GUARDS** – Protected for long service life.
- 14 ADJUSTABLE SIDE SKIDS WITH REMOVABLE WEAR-SHOES** – Low maintenance costs.

CHT-100R HEDGE **CUTTERS**

SCAN HERE
TO SEE A DEMO

The Wessex **CHT-100R** is a hydraulically driven three-blade rotary hedge cutter. It's designed to cut and shred hedges and shrub to a superb standard due to its fast spinning 'fine cut' blades. It has a cutting head of 1m and a maximum vertical reach of 5m.

The **CHT-100R** only requires a small tractor of 800kg or more with 1 double acting hydraulic spool. So its perfectly suited for golf and sports clubs & private estates.

- ✓ **SUPPLIED WITH CABLE CONTROLS.**
- ✓ **OPTIONAL ELECTRIC JOYSTICK CONTROLS**

- ✓ **FINE CUT BLADES**

KEY FEATURES & BENEFITS

- ✓ **SHARP SWINGING TIP BLADES** – The high blade speed will produce a very premium quality of cut. The blades can pivot to minimise damage and are hardened for long life.
- ✓ **MULCHING BAFFLE SYSTEM** – The cutting head retains the clippings inside the deck in order to thoroughly mulch the clippings
- ✓ **SMALL TRACTOR REQUIREMENT** – Can be fitted to small tractors and still achieve a large reach
- ✓ **REVERSIBLE FRAME** – The frame can be reversed in order to fit onto the front of tractors.
- ✓ **FRAME TILTING SYSTEM** – Possible to operate the hedge cutter on both sides of the tractor.
- ✓ **CONTROL OPTIONS** – A choice of cable or joystick controls
- ✓ **STORAGE LEGS AND FORK SLEEVE LIFT POINTS** – For ease of maintenance and storage.

Wessex **HYDRAULIC TIPPING TRAILERS** are available in 3 sizes; 1.25 ton, 1.5 ton & 3 ton gross weights. Aimed at the private estate, hobby farmer, grounds care & golf course applications, these popular trailers are ideal for hauling a variety of materials.

The optional weld-mesh extension sides are available on all models and will increase the carrying capacity when transporting bulky materials i.e. grass clippings and leaves etc.

WESSEX **KEY FEATURES & BENEFITS**

- ✓ **ALL-STEEL CONSTRUCTION** – Durability
- ✓ **REMOVABLE SIDES** – Versatility
- ✓ **HINGED TAILGATE** – Ease of emptying
- ✓ **TURF TYRES** – Minimal turf compaction
- ✓ **OPTIONAL EXTENSION SIDES** – Increased carrying capacity
- ✓ **OPTIONAL LIGHTING KIT** – Be seen in the dark!

Ideal for collecting core, autumn leaves, grass clippings and scarifying debris etc, the **TURF BEETLE** is an effective sweeper that can be towed behind an ATV, utility vehicle, garden tractor or 4x4.

Designed for the maintenance of golf courses, private estates, parks and large gardens, the **TURF BEETLE** sweeper collector is based on the **DUNG BEETLE** paddock cleaner but is fitted with a softer bristle to eliminate scratching of sensitive turf.

POWERFUL SWEEPING

The rotor comprises four banks of hard wearing polypropylene bristles fastened into a hard plastic strip. The generous length of the bristles give a good 'flick action', ensuring that any debris is propelled effortlessly into the hopper. The brush strips are simply bolted in pairs through the steel box section rotor, and are quick and easy to change when worn.

KEY FEATURES & BENEFITS

- 1 5.5HP ENGINE** – Easy to start and reliable
- 2 THROTTLE LEVER** – Clips on to ATV rack for user convenience
- 3 CENTRIFUGAL CLUTCH** – Allows the brush rotor to be engaged / disengaged from the seat
- 4 WHEELS IN-LINE WITH BRUSH ROTOR** – Follows ground contours accurately giving a consistent clean sweep
- 5 SIMPLE SCREW HANDLE** – Easy adjustment of brush height
- 6 FULLY CASTORING REAR WHEELS** – Increased manoeuvrability
- 7 FLOATING DRAWBAR** – Allows machine to float over uneven ground with no weight on ball hitch
- 8 HAND OPERATED WINCH** – For ease of emptying
- 9 SOFT BRISTLE** – Gentle on the turf, stimulates regrowth and perfect for mowing straight after
- 10 SWIVELLING BALL HITCH** – Satisfies Health and Safety recommendations

The Wessex **MTX TRAILED COLLECTORS** are available as a sweeper collector or a paddock cleaner in both PTO or engine driven versions for use behind a small tractor an ATV or UTV.

As a sweeper collector, the machine is fitted with supple bristles for turfcare applications. Grass clippings, autumn leaves and other debris will be flicked effortlessly into the hopper without damaging fine turf. The paddock cleaner version is fitted with a row of sprung steel tines in front of the rotor which loosens stubborn muck. The rotor is fitted with a heavy-duty bristle for maximum efficiency in a paddock environment. When full, the hopper is rolled over by means of a hand-operated winch to leave a clean discharge onto the ground.

✓ SUPPLIED WITH TINES AND STIFF BRISTLES

✓ AS A SWEEPER WITH SOFTER BRISTLES AND NO TINES

STX SERIES **Paddock Cleaners**

**NO MUCK,
NO WORMS
HEALTHY
HORSES**

**SCAN HERE
TO SEE A DEMO**

With the **STX Paddock Cleaners** in 1.2m or 1.8m widths, the chore of collecting horse muck is turned into a pleasure.

The strong and simple sweeping action of this machine will collect horse droppings, twigs and other debris into the hopper whilst the grass benefits from the regular grooming action of the bristles – an advantage not gained from vacuum machines. A powerful hydraulic ram tips debris from the hopper, at a height of 1.3m into a low trailer or heap on the ground.

KEY FEATURES & BENEFITS

- ✓ **HARD WEARING POLYPROPYLENE BRISTLES** – Clean sweep every time.
- ✓ **BRUSHES EASILY REPLACEABLE** – Ease of maintenance
- ✓ **GROOM THE PADDOCK AS YOU SWEEP** – Generate new fresh grass
- ✓ **HYDRAULIC TIP** – Clean discharge

MULTI-FUNCTIONAL COLLECTORS

Available in 1.2m and 1.8m working widths, the **STC COLLECTOR** is a true, all-year-round machine for the maintenance of public parks, large amenity areas, sports turf and private estates.

Whether the requirement is for a flail collector to cut and collect on an out of season wild flower meadow, a professional scarifier for use on a sports pitch, or for a sweeper collector for clearing autumn leaves from areas of parkland, the **STC-120/180** is the ideal machine.

KEY FEATURES & BENEFITS

- ✓ **MULTIFUNCTIONAL** – Use one machine for sweeping, scarifying and flail mowing.
- ✓ **ALL YEAR ROUND MAINTENANCE MACHINE** – Reduced capital outlay.
- ✓ **LARGE CAPACITY HOPPER** – For improved workrates.
- ✓ **SEMI MOUNTED TO THE TRACTOR** – High capacity machine on a small tractor, reduces running costs.
- ✓ **HYDRAULIC TIP** – Ease of emptying.
- ✓ **WIDE TURF TYRES** – Minimal ground compaction.
- ✓ **ADJUSTABLE DRAWBAR** – Ideal for various size tractors.
- ✓ **RUNS ON ITS OWN FOUR WHEELS** – Follows ground contours accurately.
- ✓ **SIMPLE HEIGHT ADJUSTMENT** – Ease of operation.
- ✓ **PREMIUM POWDER-COAT PAINT FINISH** – Maximum durability.

✓ **ADJUSTABLE DRAWBAR**

✓ **HYDRAULIC TIP**

✓ AVAILABLE IN 1.2M AND 1.8M WIDTHS

STC-120

STC-180

Mode 1

STC SWEEPER COLLECTOR

Collects autumn leaves and debris brilliantly.

When in sweeping mode, the **STC** is fitted with the brush rotor comprising 4 banks of hard-wearing polypropylene bristles which will lift autumn leaves, grass clippings and litter effortlessly into the hopper. The bristles, which are secured firmly into a pre-drilled strip with a wire staple, are a generous length to give a good 'flick' action ensuring that the material is thrown to the back of the hopper.

Mode 2

STC FLAIL COLLECTOR

Tackling long or short grass is no problem!

As a flail collector, the **STC** is fitted with a large diameter steel drum rotor with 4 rows of closely spaced flails, and 2 rows of draft paddles to create the suction for collecting the grass. The **STC** has no narrow throat as with many collectors, therefore long or short grass will be collected efficiently without blocking even in wet conditions.

Not only will the **STC** leave a fine finish on short turf, but is also ideal for end of season clearance of wild flower areas or golf course rough.

Mode 3

STC SCARIFIER COLLECTOR

Leaves sports turf at the top of it's game!

When in scarifying mode, the flail blades are replaced with 2mm verti-cutting knives for a professional scarifying operation. Ideal for sports field work or lawns, the **STC** scarifier will leave a clean cut through the turf at approx. 30mm centres and will collect the debris in one pass.

MODE CHANGE

Whatever mode the **STC** is purchased in, the option change kits allows the machine to be simply converted to perform the other 2 functions.

BROOMEX APPLICATIONS **34-35**

BENEFITS OF A BROOMEX PUSH BROOMS

The **UNIQUE MODULAR BRUSH SYSTEM** that is extremely efficient and economical for all commercial sweeping!

- ✓ **TACKLES BULKY MATERIALS**
- ✓ **WILL 'SQUEEGEE' WET SURFACES**
- ✓ **GENERATES MINIMAL DUST**
- ✓ **IS HIGHLY DURABLE**
- ✓ **SUPERB QUALITY**
- ✓ **IS THE EFFICIENT SWEEPING SOLUTION**
- ✓ **THE ORIGINAL AND THE BEST!**

WHY BROOMEX?

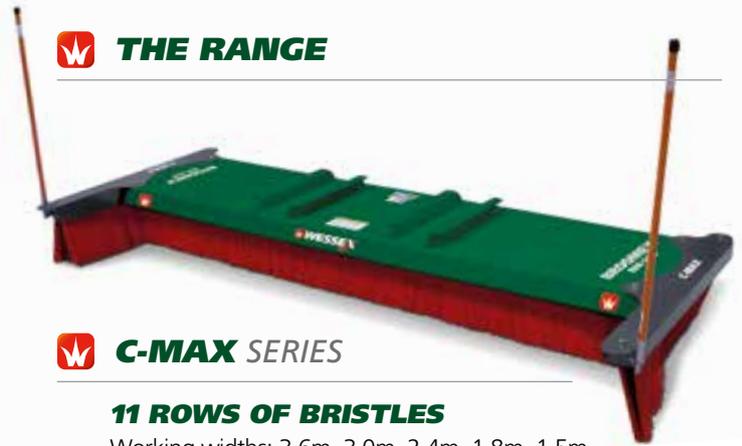

- ✓ **DO YOU WANT TO KEEP THE PREMISES TIDY?**
- ✓ **CONCERNED ABOUT HEALTH & SAFETY?**
- ✓ **DO YOU HAVE LIMITED FREE TIME?**

From building sites to farmyards the versatile **BROOMEX** sweeper system saves time and money. With no moving parts to increase the danger of flying debris, **BROOMEX** is safe and maintenance-free. Attach a **BROOMEX** brush quickly and simply to your host vehicle and off you go! A wide range of hitches enables **BROOMEX** to be attached to compact and large tractors, telehandlers, forklifts, loaders and skidsteers.

KEY FEATURES & BENEFITS

- ✓ **SWEEP UP TO 450 MILES BEFORE CHANGING THE BRISTLES** – Save time and money
- ✓ **A WIDE RANGE AVAILABLE** – A push broom to suit any sweeping application
- ✓ **UNIQUE PATENTED FEATURES** – A superior sweeping performance
- ✓ **A WIDE RANGE OF HITCHES** – Mount the BroomEx to the machine of your choice
- ✓ **NO MAINTENANCE REQUIRED** – Zero downtime
- ✓ **4MM HOOD THAT HAS BEEN SHOTBLASTED, UNDERCOATED AND POWDERCOATED** – Extremely robust
- ✓ **HARD WEARING POLY BRISTLES** – Longevity
- ✓ **NO STORAGE STAND REQUIRED** – Simple storage for when not in use
- ✓ **OPTIONAL MAGNETIC BARS** – No more punctures or injured livestock

THE RANGE

C-MAX SERIES

11 ROWS OF BRISTLES

Working widths: 3.6m, 3.0m, 2.4m, 1.8m, 1.5m

C-MAX FORK SLEEVE HITCH

C-MAX 3 POINT LINKAGE HITCH

**C-MAX FORK SLEEVE HITCH
FOR 150MM FORKS**

**C-MAX TELEHANDLER
QUICK HITCH**

The innovative **BROOMEX 'C-MAX'** combines the well-known **BROOMEX** concept of a heavy duty push broom together with the patented side retainers, which will hold bulk volumes of material in front of the brush without spillage.

The end brushes are carefully twisted to pull material away from a curb or wall and into the main path of the broom. This ensures a clean sweep right into those awkward corners without the danger of the hood damaging the wall. Sweeping times will be reduced even further, as those frustrating spill lines will be eliminated with the new **BROOMEX 'C-MAX'**.

SPECIFICATIONS

	BM-150 C-MAX	BM-180 C-MAX	BM-240 C-MAX	BM-300 C-MAX	BM-360 C-MAX
Width	1.5m	1.8m	2.4m	3.0m	3.6m
Brush rows	11	11	11	11	11
Weight	117.5kg	132.5kg	166.5kg	242kg	282kg
Bristle height	280mm	280mm	280mm	280mm	280mm

The diagram illustrates the Broomex C-Max push broom's design. It features a green main body with 'BROOMEX' and 'C-MAX' branding. Red arrows indicate the broom's ability to sweep close to a wall, preventing side spill. Below the broom, a comparison shows a conventional broom's tread pattern (left) and the Broomex C-Max's tread pattern (right), with a large red arrow pointing upwards to indicate superior performance. A central text box lists the following benefits:

- ✓ **NO SIDE SPILL**
- ✓ **A CLEAN SWEEP**
- ✓ **HOLDS BULK VOLUMES OF MATERIAL**
- ✓ **65% FASTER THAN A CONVENTIONAL PUSH BROOM**
- ✓ **SWEEPS CLOSE TO A WALL**
